

# **Sprint 2 – Retrospective Meeting Minutes**

## **1. Retrospective Meeting Notes**

### **What the team did well during the sprint**

- We completed 12 issues in total during sprint 2.
- The team is working well together.
- Communication is open and clear.
- The team is combining their sections effectively.

### **What went wrong during the sprint**

- Section integrations provided some unforeseen challenges.
- Integrations with API's were not as easy as anticipated.
- The integration between different sections required more effort and time than anticipated.
- Only having one physical device led to the need for splitting data for different vehicles, which was a tedious and time-consuming task.
- Some bugs around the google maps route display have not been resolved.

### **What can be improved for the next sprint**

- Refactor and optimise the code that was implemented.
- Focus on communicating our findings.
- Minor polishing to the UX of main and admin pages
