

Sprint 1 – Retrospective Meeting Minutes

1. Retrospective Meeting Notes

What the team did well during the sprint

- We completed 9 issues in the sprint.
- The team is working well together.
- Communication is open and clear.
- The team is combining their sections effectively.

What went wrong during the sprint

- SSL certificate could not be obtained for Heroku deployment.
- Sim card did not work due to unforeseen circumstances.
- The telematics device used to obtain data was not compatible with the vehicle used. Therefore, the OBD data that is needed by the fuel consumption model was not obtained.

What can be improved for the next sprint

- Use another vehicle that is compatible with the telematic device.
